

In The Claims

1. (Currently Amended) A side sleeping pillow combination comprising:

a main pillow cushion having an underside, a front and rear edge, and a first and second pair of side edges, defining a fabric cover filled with a resilient filling; and

a pair of side pads, each side pad filled with a resilient filing, adjacent each of said first and second side edges, each pair of said side pads capable of folding under said main pillow whereby a first and a second space is created between said folded under side pads, said first space traversing the underside of said main pillow from said front edge to said rear edge and said second space traversing the underside of said main pillow from said first side edge to said second side edge.

2. (Cancelled) A side sleeping pillow as defined in claim 1 wherein said side pads include a pair of pads with spacing therebetween.

3. (Original) A side sleeping pillow as defined in claim 1 further comprising a pillowcase for providing the associated spacing between said pillow and said pads.

4. (Cancelled) A side sleeping pillow as defined in claim 2 further comprising a pillowcase for providing the associated spacing between said pillow and said pads.
